Subject: Daily Coronavirus Update - UPDATES HIGHLIGHTED IN BLUE

Tuesday March 31st, 2020 – Coronavirus Update **Please note** **anything highlighted in blue is new information**

Goal 1: Keep employees healthy and safe

- A. Each clinic has the appropriate PPE to see possible COVID patients.
- B. Facemasks are provided to patients with upper respiratory symptoms. Patients that refuse to put on a mask with upper respiratory symptoms are asked to leave and appointment will be canceled.
- C. Employees are asked to stay home if sick. Katy Trail has instituted a policy that any employees calling in sick with a respiratory or GI symptoms accompanied by fever will be granted paid time off. This will not affect your current PTO or EIB time.
- D. Dental is no longer seeing routine care patients, only emergency patients.
- E. During this time, emotional support may be needed and our BHC's are here to assist you.
 - a. If assistance is needed please reach out to your manager and they will give you the assigned BHC number for that day.

- F. We are in the process of putting together several policies:
 - a. Criteria for Return to Work for Healthcare Personnel with Confirmed or Suspected COVID-19
 - b. Cleaning Checklist to maintain staff safety
- G. Human Resources worked hard on putting together a list of childcare centers that are accepting new children. Please see attached.

Goal 2: Keeping possible COVID-19 patients from entering our buildings

- A. Signs are posted at all entrances and are updated as needed. Signs are in English, Spanish, and Russian
- B. Screening patients during the scheduling process and when checking in the patient.
 - a. The screening questions during scheduling are being compared to screening questions at check-in.
 - b. If there are any discrepancies, the PSR will notify the care team.
- C. Secured test for all sites.
- D. Tents are up in all locations and ready to be used.
- E. COVID rotation schedule is approved.
 - a. The site manager is in the process of adding time off request.
- F. Adopted John Hopkins testing algorithm for testing requirements.
- G. As more test become available we will shift to testing as many patients as possible.

Goal 3: Continue to provide high quality of care to our patients and our communities patients by using science to guide prevention, testing, and treatment

- A. Managing schedules
 - a. Schedules are opened to sick patients. Canceled WCC, AWW's, and any well patient over the age of 60 yo.
 - i. The goal is to keep well patients well
- B. Relaxed medication prescribing for chronic care patients
- C. All Behavioral Health appointments will be held virtually.
- D. Implementing Zoom appointments for physically healthy behavioral health patients
- E. In the process of creating Zoom/Phone Call appointments for medical patients
- F. Communicating regularly through social media regarding what we are doing to prepare/prevent for the Coronavirus
- G. All clinics will be closing at 5:00 p.m. each day.
- H. Telehealth Communications During COVID-19 Public Health Emergency:
 - a. The Office for Civil Rights at the U.S. Department of Health and Human Services announced effective immediately, that it will exercise it's enforcements discretion and will waive potential penalties for HIPAA violations against health care providers that serve patients through everyday communications technologies during the COVID-19 nationwide public health emergency.
- I. COVID Test Availability:
 - a. Marshall: 9 test
 - b. Sedalia: 12 test
 - c. Versailles: 5 test
 - d. Warsaw: 3 test
- J. Remember to let the Health Department know that you tested a patient for COVID. Let Dr. Turner know as well. Once this is reported to the Health Department they will follow up with the patient.
 - i. Please note: Morgan County Health Department would like a copy of the visit summary faxed to Ashley at 573-378-7375
- K. Saturday Clinic: Katy Trail will be seeing patients virtually from 9:00 a.m. to 1:00 p.m.

- L. Received 40 COVID swabs from Quest Diagnostic's today.
 - a. Once Quest Diagnostics have our accounts fully setup, we will be able to start utilizing them. I am expecting by the end of the week.
- M. Creating a process for Dr. Kashani to start seeing Well-Child Appointments in the Dental RV.
- N. All clinics are being trained on the virtual clinic process.

Goal 4: Contribute to the community efforts to address the crisis

- A. Handing out food boxes to Katy Trail patients that we test for COVID-19 and are quarantined
- B. Reaching out to food pantries in other counties and seeing how we can assist them
- C. Participating daily in the Incident Command Meeting
- D. In this Public Health crisis, the goal is to be able to take care of patients in order to keep them from overwhelming the Emergency Department. We can do our part by taking care of patients with medical issues that we can handle here at Katy Trail, and this will decrease the burden of the Emergency Department staff.

Goal 5: Assure our financial security in order to sustain our services

- A. Steve is preparing a projection of impact over the next several months
- B. Applied for the Missouri Foundation for Health Grant (\$150,000)
- C. HRSA emergency dollars projected in April
- D. Track everything all expenses to COVID
- E. How long can we pay for people who are not working?

To our providers:

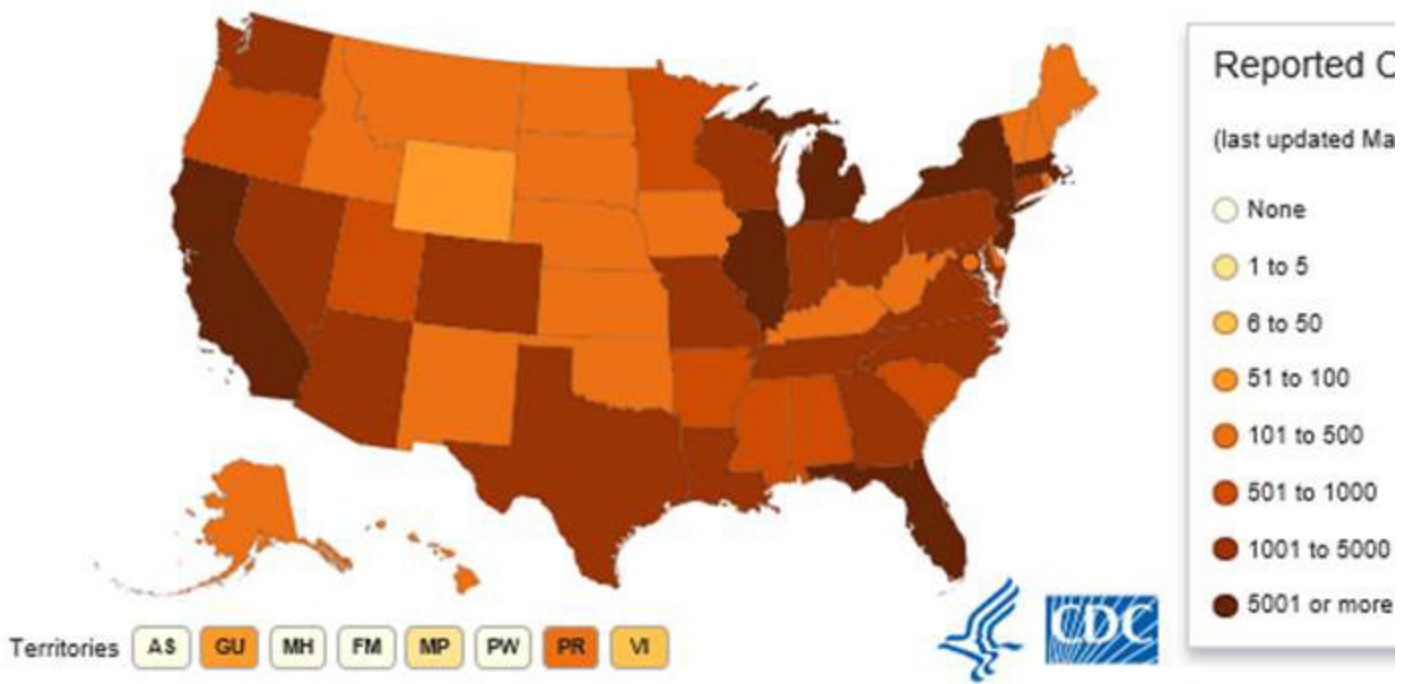

1. DHSS Provider Line: 877-435-8411
2. DHSS at 800-392-0272 (24/7) to immediately report any patients who meet criteria for evaluation as a Patient Under Investigation (PUI) for 2019-nCoV
3. Providers are meeting via Zoom daily from 12:25 to 12:45
4. Message from Dr. Turner:
 - a. Continue to follow CDC guidelines for COVID-19 testing, although guidelines are slightly relaxed. More and more cases will be community acquired than travel related. Therefore, if a patient that you have seen previously for respiratory symptoms is not improving and returns for an appointment consider testing. Encourage your team to look at schedules to recognize any of these patients. If so, call the patient, have them wait in the parking lot, give them the Tracfone number to call when they arrive. As this patient will be assessed outside.
5. Heather Emilio has reported that she is unable to send out external referrals. Heather will hold onto these referrals until further notice.
6. Employers requesting that their employees get tested:
 - a. If the patient does not qualify for COVID testing, please provide the patient with a letter.
 - b. Dr. Turner suggests: "Patient has been assessed for respiratory symptoms. At this time they do not meet testing requirements." As advised by the CDC we recommend that patients with respiratory symptoms patients stay at home and minimize contact with others to avoid spreading infection.
7. Due to no late nights, your clinical hours have be adjusted. Your site manager will be sharing the schedules with you.
8. Complete all follow up labs in patient's vehicle to minimize exposure.
9. Telephone-Only visits for Medicare do not qualify as telehealth at this time but we can bill at a reduced rate using code G0071.
10. Telehealth visits for Medicaid and Medicaid Managed Care are reimbursed based on office visit code.

11. With the change in weather, alternative rooms in each location will be discussed at tomorrow's 12:25 meeting.
12. Health Department Criteria for testing healthcare personnel
 - a. Use State Test if healthcare personnel has symptoms and has been exposed to someone with a positive COVID-19 test.
 - b. Contact your local HD for State Testing
13. LabCorp has a 8-9 day turnaround for COVID-19 results. Will be utilizing Quest Diagnostics once accounts are setup.

Standing Items:

1. Coronavirus Plan/Process Document located at **P:\Staff\COVID-19 Plan and Process**
2. 24 Hour Hotline Number for clinical staff is 877-435-8411
 - a. Please utilize the hotline number before contacting your local Health Department. Our local Health Departments are becoming overwhelmed with calls. This hotline number may allow for a quicker response.
3. **Cases Reported in U.S.**
 - a. As of today, there has been a total of 163,539 COVID-19 cases in the United States and 2,860 total deaths. Please see map below of states reporting COVID-19 cases.
4. **In Missouri:**
 - a. 1327 positive COVID-19 cases
 - b. 14 death
5. **Katy Trail has test 29 patients for COVID-19 – Katy Trail has not had a confirmed positive – No COVID specimens collected today.**
 - a. Sedalia tested 11 patients
 - b. Warsaw tested: 8 patients
 - c. Versailles tested: 10 patients
 - d. Marshall tested: 0

States Reporting Cases of COVID-19 to CDC*
