

# ROADMAP TO REOPENING

Friday June 19, 2020

## Moving Toward the Future

As we continue to move through phase I of reopening, the goal is to provide access to our patients. You will begin to see more staff in the building as more patients start having face-to-face visits. The COVID testing tents will be removed in all locations. The goal is to bring all patients into our facility, especially with the warmer weather. To keep staff and patients safe, Katy Trail will be ordering air purifiers for exam rooms and looking into an air conditioning filtration system. This will decrease the turnover time for the exam rooms to 15 minutes.

Dental continues to work through their high priority patient list. They are currently seeing 6 patients per day and the goal will be to increase this to 8 patients per day due to patient demand.

## Community Efforts

Today, Katy Trail completed COVID testing at Edwards Fiberglass and Sylvia Thompson. In July, Katy Trail will be providing COVID testing via the dental RV. The RV will be traveling to all four of our serving locations and surrounding communities. Katy Trail is in the process of confirming locations, dates, and times for testing.

## Update:

1. PPE and Testing Supply: As an organization, Katy Trail has a 58-day supply of PPE. The lowest item is gloves. Katy Trail will continue sourcing PPE from available suppliers. Each week we will receive an additional 150 COVID test from [GeneTrail](#) for community testing.
2. Scrubs have been ordered for all clinical staff and provider scrubs will be ordered next week.
3. Please ensure you are wearing your mask. Social distancing may become more challenging as more staff and patients enter the building.

## Katy Trail Community Health Goals

1. Keep employees healthy and safe
2. Keeping people infected with COVID-19 from spreading the virus in our communities
3. Provide high quality care to our patients
4. Contribute to the community efforts to address the crisis
5. Assure our financial security in order to sustain our services
6. Plan for the new future of KTCH
