

ROADMAP TO REOPENING

Wednesday June 10th, 2020

Moving Toward the Future

With the arrival of warmer weather, it is important that patients have access to our facility. Patient's can now utilize our waiting room instead of their vehicle. As we move toward the future, you may notice some changes throughout the clinic. Each site will be completing scenario testing this week as they will no longer have a staff member monitoring the front door. All entrances will have an updated sign stating that a mask must be worn while in the facility. All entrances will have surgical masks and hand sanitizer station available to all patients.

Also, each medical clinic is in the process of identifying two exam rooms that can be utilized for possible COVID patients that need to be tested or for those patients that need a nebulizer treatment. We are in the process of researching the best way to disinfectant these exam rooms, more to come.

Community Efforts

Katy Trail tested 17 individuals at the National Guard Armory on Tuesday and 163 individuals at E.W. Thompson today. Tomorrow, the team will test an additional 6 individuals at E.W. Thompson and begin preparing for testing next week. Katy Trail has posted an ad regarding our COVID testing on Pandora and [iHeart Radio](#), be on the lookout for this!

PPE Update

We are happy to announce that all medical and dental clinics are above the 30-day par level. However, we will continue to source additional PPE and testing supplies. Dental will start receiving a regular weekly shipment of 200 KN95 masks from [Goetze!](#)

Process Updates

1. Patient screening questions have been updated in IMS as of 6/8/2020. Please continue to screen patients when scheduling appointment and when the patient arrives to the clinic.
2. Please mark the gender on the [GeneTrait](#) requisition forms.

Katy Trail Community Health Goals

1. Keep employees healthy and safe
2. Keeping people infected with COVID-19 from spreading the virus in our communities
3. Provide high quality care to our patients
4. Contribute to the community efforts to address the crisis
5. Assure our financial security [in order to sustain our services](#)
6. Plan for the new future of KTCH
