

ROADMAP TO REOPENING

Friday June 5, 2020

Moving Toward the Future

Medical will be opening to in-person visits on Monday the 8th. Each site has reconfigured their waiting room to be able to space out chairs 6 feet apart for patient safety. All patients will be asked to wear a mask upon entering our facility. To assist with safety, additional sneeze screens and partitions have been ordered for those areas in our clinics that do not currently have them. Also, each clinic is in the processing of identifying a “non-well space” for patients that cannot tolerate the heat, travel via public transportation, etc.

For those patients that cannot be seen in-person or those that prefer a virtual visit. Katy Trail will be updating their tablets to iPads that have data and wi-fi capabilities and will be compatible with [eCW](#).

Community Efforts

Today, our team tested several individuals from the Sedalia Housing Authority. Other surrounding facilities have contacted Katy Trail to assist with COVID testing for next week.

PPE Update

Katy Trail will be receiving approximately 4,800 KN95 masks within the next several weeks. However, are efforts do not stop here, we will continue obtaining additional PPE for staff's safety.

Process Updates

1. Patient screening questions have been updated. A screening guidance has been created to assist you in identifying when it is safe to schedule an in-person visit versus a virtual visit. See attached.
2. The employee daily temperature log has been updated. Please continue to take your temperature upon entering the clinic. If your temperature is 100.4 or greater, notify your supervisor immediately. Also, if you feel ill or become ill during your shift, notify your supervisor immediately.

Katy Trail Community Health Goals

1. Keep employees healthy and safe
2. Keeping people infected with COVID-19 from spreading the virus in our communities
3. Provide high quality care to our patients
4. Contribute to the community efforts to address the crisis
5. Assure our financial security [in order to sustain our services](#)
6. Plan for the new future of KTCH
