Goal 4: Contribute to the community efforts to address the crisis

- A. Handing out food boxes to Katy Trail patients that we test for COVID-19 and are quarantined
- B. Participating daily in the Incident Command Meeting

Goal 5: Assure our financial security in order to sustain our services

- A. Small Business Loan – Katy Trail has been approved.
- B. Applied for the FCC telehealth grant
- C. Received CARES Emergency funds
- D. KTCH is billing for both telehealth and telephone visits

Goal 6: Plan for the new future of KTCH

- A. Continuing with EHR implementation. Expected go-live date with ECW will be October 1st.
- B. Population Health approach to virtual visits – Working on a process.
 - a. Currently, case managers are reaching out to high-risk patients that need a follow up appointment and to ensure they have the resources they need. Also, there are two active PDSA's that were put into place. One PDSA is reaching out to patients that are due for a colon cancer screening. Staff are delivering a goodie bag that contains a roll of toilet paper and a FIT Test. What better time to capture these patients while they are in the comfort of their home! The second PDSA is reaching out to our uncontrolled hypertension patients. For those that have uncontrolled hypertension and need to be monitored more closely, staff are delivering blood pressure cuffs to their home.

Oral Health Update from Dr. Vandevender and Mendy:

- A. Self-Management Goal worksheet is in the process of being uploaded into IMS. The worksheet can be emailed to them from IMS. Mendy will be sharing more details with you once the process is complete.

To our providers:

- A. If you are interesting in wearing scrubs for while working in the clinic, please email Dr. Turner with the needed size.

- B. Dr. Turner will be reviewing provider schedules daily. If needed the on-call provider schedule will be opened to allow for more patient capacity.
- C. All providers will see 4 new patients per day.
- D. Researching the use of cloth gowns. This may be an option to preserve PPE supplies.
- E. In order for healthcare workers to return to work after a positive COVID test. The state requires them to have 2 negative test that are 24 hours apart.

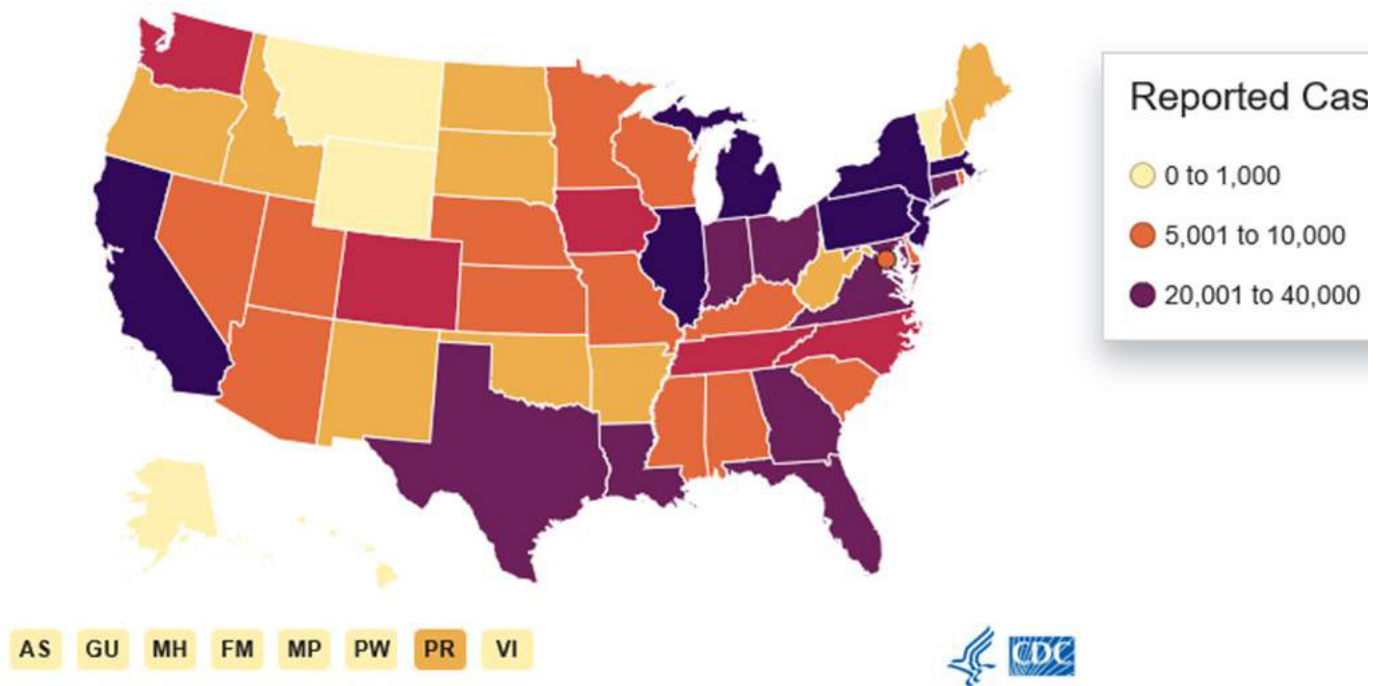

Standing Items:

1. Cases Reported in U.S.

- a. As of today, there has been a total of 1,193,813 COVID-19 cases in the United States. Please see map below of states reporting COVID-19 cases.
