

# ROADMAP TO REOPENING

Friday June 12th, 2020

## Moving Toward the Future

Starting next Wednesday there will be two dental providers and two dental hygienists in the Sedalia clinic seeing six patients per day. This will allow them to see patients who need sealants and Silver Diamine Fluoride. The next approach is to schedule patients who need routine dental care. Dental will be receiving their air purifiers next week as well.

Medical is in the process of completing scenario testing for bringing those non-well patients into our facility for care. We are currently in the process of creating a workflow for disinfecting exam rooms.

## Community Efforts

Katy Trail is testing Sylvia Thompson on Monday and Tuesday and E.W. Thompson staff on Wednesday of next week. Katy Trail is looking into taking Katy On [The Go](#) out in the community to assist with community testing. This will allow access to individuals who cannot come to the clinic.

## PPE Update

Today, we placed an additional order of 1,000 N95 masks. We hope to have these within the next week or two. We also received additional COVID-19 testing kits today.

## Process Updates

Staff screening questions have been updated. If you have any of the follow symptoms, please report these to your supervisor immediately.

1. Cough or Shortness of breath
2. Fever greater than 100.4
3. Chills
4. Muscle aches
5. Sore throat
6. New loss of taste or smell

## Katy Trail Community Health Goals

1. Keep employees healthy and safe
2. Keeping people infected with COVID-19 from spreading the virus in our communities
3. Provide high quality care to our patients
4. Contribute to the community efforts to address the crisis
5. Assure our financial security in [order to sustain our services](#)
6. Plan for the new future of KTCH
