

How to Patient Specific Alert Tooth Chart

- 1) Navigate to the lower right portion of the tooth chart, locate the left-pointing arrow, and click on it to expand the patient recall tab:

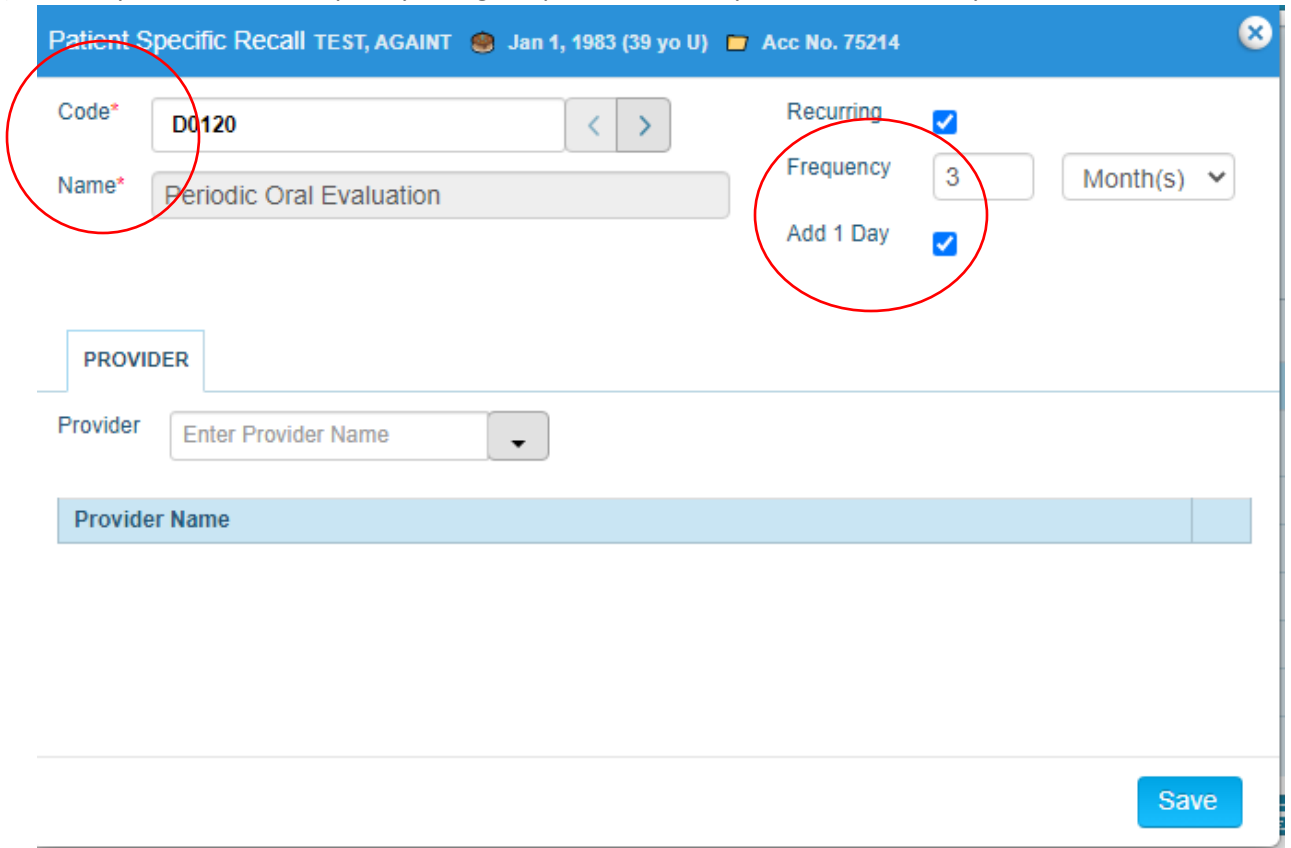

- 2) Click on the add button to add a patient specific alert:

How to Patient Specific Alert Tooth Chart

3) Select your code and frequency. It is good practice to always click the add 1 day button:

Patient Specific Recall TEST, AGAINT Jan 1, 1983 (39 yo U) Acc No. 75214
